

Task Number	2	Task Name	Our Ancient Land
Course	Year 7 HSIE	Faculty	HSIE
Teacher	Mr Dunlop Mr Sanna, Mr Selwood	Head Teacher	Mr Selwood
Issue date	Term 2, Week 1	Due date	13th June, T2, Friday Wk 7
Focus (Topic)	Our Ancient Land	Task Weighting	20%

Outcomes

GE4.2 - Describes processes and influences that form and transform places and environments
GE4.8 - Communicates geographical information using a variety of strategies

Task description

In class you will learn about the following topic and create the task below to show your learning. You can hand in your work on paper or online. You will be provided with scaffolds and support during class time to work on this task. You can submit the task on paper or digitally (document or slide show).

Landforms and Processes (200-500 words)

You will choose one Australian landform and describe the geomorphic processes that formed it. You will hand in a report or slide show that includes:

- A map showing the location of the landform
- At least one photo of the landform
- A written description of the landform and the processes that shaped it.
- You may include diagrams along with your written description.

Marking Criteria

Grade	Outstanding 9-10 marks	High 7-8 marks	Sound 4-6 marks	Basic 2-3 marks	Limited 0-1 mark
