2019 | ISSUE 13 | TERM 2 | WEEK 2

## Principal's Message

As the mornings get chillier we are seeing some very interesting variations of uniform. Please assist and encourage your young person to wear the correct uniform to school, students are of course able to wear plain jumpers in red, black or grey providing they do not carry logos or visible brand names. We have broadened our uniform rules to allow plain coloured polos in white, grey or red (to allow families to access materials, quality and prices they prefer) rather than demanding students wear the heavy duty embroidered uniform polos from Lowes. Please remember there is a brand new style of shell jacket in black which should appeal to most students now available at Lowes. It is warm, shower proof and designed to appeal to the current student generation so please consider.

As I have mentioned before our School Development Plan is driven by nine Strategic Directions Teams. Staff choose their team at the beginning of each year, and choose a team they will enjoy working in. These teams meet twice a term and make project and budget decisions based on their knowledge of the students, their needs, the teachers and of course the school community. They are required to plan and set milestone targets to which they are held accountable and the whole system rattles along efficiently and well. The beauty of working this way is that each team can work to meet the recognised needs of our particular campus, we are not bound to follow the Plans or Directions of other schools or in a loose sense the DEC in general. Of course there are broad over-arching DEC goals which cover our work but in general we are able to work to meet the needs of our own unique students.

Enjoy the cooler weather and the crisp mornings that Autumn brings, personally this is one of my favourite times of the year. Have a lovely weekend.

## Deputy Principal's News

Hello RRHC community

Students in Years 7 and 9 have NAPLAN testing next week. Thank you in advance to all the students for completing this in a serious and respectful manner. Thank you to Mrs Helliwell for her organisation and thank you to all staff who will be supervising and supporting this process.

School photographs will be handed out when they arrive. If you have concerns about the photographs please contact Advanced-life Photography directly. All students have received their Student Identification Cards.

Some of our senior students have participated in a Mooting Competition at Bond University today; we are eagerly awaiting the results of this event. Thank you to Mr Stevenson for his hard work and organisation of this event.

At RRHC we have a clear system for ensuring that students are in the right place at the right time and we appreciate parent/carer assistance in reinforcing to students the importance of being on time to both school and classes. This is especially important to senior students who could miss out on up to a third of their lessons if they consistently miss Period 1 classes.

Winter is heading our way and warmer clothes will be needed by students. A reminder that students are to wear plain grey, red or black jumpers, cardigans or jackets as part of the RRHC winter uniform. Lowes have a black school jacket available for purchase. If students are unable to wear part of their uniform in an emergency they need to get a uniform slip at roll call and bring a note from home. The school uniform information can be found at the end of each Newsletter.

### **A Day in the Life of a School**

I stood in the glorious sunshine for a few moments and watched the day. Somewhere there was a child running to get somewhere in time for something. Then came a group of teachers sharing a joke for a moment. One teacher was talking to a student while they hurried off to solve a problem of some importance. Another small group of teachers were talking through a challenge that had arisen. There were students walking at a variety of paces back from sport, some in a hurry and some as if they had all day. There were parents waiting to see someone about a range of issues. There was music coming from a music class and affirmative voices delivering a lesson. Computers everywhere were being asked for answers. The photocopiers whirled at every break and the school phones rang at frequent intervals. At recess students gathered in their groups laughing, playing and joking with each other. In any day there are a variety of activities that create their own variety of responses both physical and emotional. The interaction of a large number of students and a sizeable staff is always fluid. I liken it to an ocean with tides washing this way and that, each force has its own consequences. Sometimes when we meet up with our children after school and ask the question "How was school?" we get the regular evasive answer of "Boring". Yet if we truly look at any day it is anything but boring. If you ask any teacher how their day was, the answer will never be "Boring". It will be some satisfaction, some frustration, some exhaustion and always busy. If I were to ask you as parents or carers about your day then the answer would be similar.

In working together with our students we actually have a lot in common.

Enjoy your kids,

**Anne Bowden**

## From the PDHPE Faculty

Earlier this week Benji showed his excellent tennis potential by defeating a number of players at a Rivers Tennis Trials Day. Benji is only in Year 7 and will represent the Rivers in the state-wide CHS knockout.

Tuesday saw the Rivers Girls Football team play their fourth round match against zone rivals Alstonville High School. Alinta scored both goals in an exciting 2-0 win that sees our team through to the North Coast semi finals where they will meet Wollumbin High School.

Yesterday the Northern Rivers Zone touch trials were held which also doubled as the first couple of rounds of the CHS knockout. Both the boys and girls Rivers teams were well represented by our campus. The boys began with a 7-6 victory over Woodenbong after being down 5-3. They were thoroughly outclassed by Alstonville in their second round game however, halting their progress. The girls also had a narrow victory over Woodenbong in the first round, 5-4 in a 'drop off' extra time scenario. Unfortunately the girls also lost to Alstonville succumbing 6-3

The new rotation of Wednesday sports has kicked off for Term 2. We remind all students to return notes for all sports that are off-site. This week saw the Year 7 girls receive external Netball coaching. This is the result of School Sports Australia grants and the boys will be receiving coaching in Touch from next week. After a number of weeks the Year 7 groups will swap.

Next week's sporting events include: Zone Cross Country, Boys and Girls Hockey Gala Day and Round 3 of the boys Bill Turner Cup. We wish all of our athletes the best of luck.

## SAVE THE DATE

**13th June 2019**  
Lismore City Hall

Northern Rivers Youth Forum  
13 June 2019  
Save the date

"Field of Dreams" providing the opportunities to establish future connections.

On the 13th June 2018 Rekindling The Spirit ran a youth and community forum that was inspired by young people's ideas to support their voice in being heard as well as being aware of what services are available for them to access.

A range of workshops, panel discussions and community service provider stalls gave an opportunity for a number of different sectors within the region including health, art and education to provide information within a space that was supportive, positive and informative for the young people and the services that attended.

The day provided young people with an understanding of what is provided in the Northern Rivers for them and their families. This not only created face to face connections but also gave programs and organisations a chance to obtain feedback for better engagement and identified gaps that we as services may not often be aware of.

On the 13th June 2019 Rekindling The Spirit once again will be hosting Field Of Dreams at Lismore City Hall making those community connections for young people even stronger and creating the opportunity to empower their own path.

In the next FOD we want to provide more links to sector providers; a variety of interactive activities; and deeper conversations and listening within the informed discussion topics.

By starting the conversations and ideas around the positive and negative effects on the community we can create links to current or new programs for young people and their families to build a foundation and development for personal growth for these future leaders.

If you would like to know more about the youth forum then you contact us on the information provided below
